

Studio 220

2-way 4" Bookshelf Loudspeakers

Legendary sound. Flexible placement.

For those who know what they're looking for when it comes to a loudspeaker system – we give you the new JBL® Studio 220 2-way bookshelf loudspeakers. As part of the groundbreaking 10-piece JBL® Studio 2 loudspeaker series, the Studio 220 propels you into a world where legacy sound-craft and advanced technology go hand-in-hand in shaping a listening experience like never before. The Studio 220's 4" PolyPlas™ midrange driver is designed to bring you pitch-perfect vocal clarity and tight, accurate bass. Add to that the built-in High Definition Imaging (HDI) waveguide design and the 1" CMMD® Lite high-frequency driver, and you've got a loudspeaker that takes its cues from JBL's own legendary M2 Master Reference Monitor. Combine this with the sleek, urbane design of the loudspeaker itself – both inside and out – and you're dealing with a rare breed of sonic horsepower and brainpower ready to define its era.

Features

- ▶ 4" PolyPlas™ driver delivers unrivaled purity and power
- ▶ 1" CMMD® Lite high-frequency driver and High Definition Imaging (HDI) waveguide bring cinema-grade sound to your listening experience
- ▶ Visually striking 21st century design features that can't fail to seduce

4" PolyPlas™ driver delivers unrivaled purity and power

We have years of JBL® acoustic testing under our belt to back our sound up. With its 4" PolyPlas™ driver delivering unrivaled midrange accuracy and power, we'll let a masterpiece speak for itself.

1" CMMD® Lite high-frequency driver and High Definition Imaging (HDI) waveguide bring cinema-grade sound to your listening experience

The consummation of 67 years of pioneering sound research at our JBL® labs, the Studio 220 incorporates bold technologies like a High Definition Imaging (HDI) waveguide and a 1" CMMD® Lite high-frequency driver into its design. Together, these advances let you experience your sound cinematically – in all its precision imaging, high-frequency detail, natural balance, and full spectrum mastery.

Visually striking 21st century design features that can't fail to seduce

The JBL® way is to make it look as good as it sounds. And with the Studio 220, we've made no exception. With 21st century elegance that incorporates soft-rounded edges, black gloss paneling, and soft-touch paint, we've built something that seduces the eye as much as it commands the ear.
